when you replace the old stove with
Cole's Original Hot Blast

Because It Gives—
—Even, steady heat day and night with little attention, instead of the hot and cold changeable results of the old stove.
—The sizzling base heat makes floors warm and comfortable for the baby.
—A warm breakfast room and early morning comfort by simply opening the hot blast fuel-saving draft on the coal put in stove the night before.

—Cleanliness and fire-holding results not excelled by any base burner selling at twice its price. These results give healthy, rosy cheeks to the children and happy hearts to the parents.
Besides all this, the guaranteed fuel saving soon pays for the stove. Burns any fuel—hard coal, soft coal or wood.
If you have an eye for comfort and economy you will come in today.

GRANITE FALLS SCHOOL OPENED—200 ENROLLED

The Granite Falls state high school opened September 18th with an enrollment above the 200 mark. Consensus of opinion is that the 300 mark will be passed soon. The prospects so far indicate that this is to be the best school year Granite Falls has ever had. The teachers are Mr. V. V. Secrest of Unionville, N. C., superintendent; Misses Nettie Smoak, Wilkesboro; Ora Berryhill of Charlotte; Irma Tilley of Granite Falls, and Effie Lynch of Rutherfordton. All are experienced teachers.

BROOKFORD BRIDGE WILL BE INVESTIGATED SUNDAY

Complaint that one of the piers of the Brookford bridge, erected since the flood, caused the county commissioners Monday to summons State Engineer Falls here Sunday to investigate. At that time the water will be low in the dam, and it is expected a thorough examination of the pier can be made. It was claimed by some that the concrete had not settled properly and to make sure, the authorities will have the question determined by an expert.

WHIRLWIND CAMPAIGN IS NOW BEING PLANNED

Very much of a whirlwind campaign for the last week of the campaign before the November election is being planned by the state Democratic campaign managers. Dates are being arranged for all the available speakers and literally hundreds of them have volunteered to do campaign work.

A Raleigh correspondent writes: Chairman Warren and Secretary Colie and their force of clerks are working early and late now in headquarters here lining up the dates for the hundreds of speakers, getting out the advertising literature and posters for the rallies in every part of the state and keeping in touch with the county and township campaign officials the state over. It is a stupendous task, but one that is being more thoroughly achieved this campaign than ever before.

Chairman Warren says the campaign is progressing speedily, and the Democratic majority in North Carolina will attain new high marks and that there is every indication that President Wilson will easily lead the ticket in spite of the great popularity of numbers of the candidates for state offices.

Prominent Democrats coming to state headquarters from every section of the state every day bring news that is unmistakably forecasting a veritable Democratic landslide that will be a desperate blow to the Democratic leaders, to the gross and willful misrepresentations the Republicans are making as to the Democratic records in the state and the nation.

Take Iron to Put Color and Youth in the Cheeks, Says Doctor.

GREATEST OF ALL STRENGTH AND BLOOD BUILDERS—OFTEN MAKES DELICATE, NERVOUS FOLKS 200 PER CENT STRONGER IN TWO WEEKS' TIME.

New York, N. Y.—What you need to paint roses on your cheeks and put the spring time of life in your step, is not cosmetics and patent medicines, but plenty of rich pure blood in your arteries. Iron is the greatest of all strength and blood builders. A celebrated Cambridge physician and scientist has proven conclusively that the absence of iron in the soil sets up faulty nutrition even in plants and gives them a sickly, pale, weakened look and that without iron there could be no vegetable or animal life. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good, you don't get the strength out of it and as a consequence you become weak, pale or sickly looking just like plants trying to grow in a soil deficient in iron. Thousands die every year from pneumonia, grippe, consumption, kidney, liver or heart trouble, when the real and true cause which started this disease was nothing more or less than a weakened condition brought on by lack of iron in the blood. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by

taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. Sauder is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents is widely prescribed by eminent physicians everywhere. Unlike the older iron-ore iron products, it is easily assimilated, does not injure the teeth, make the black of upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or more in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Hickory Drug Co. and all other druggists.

SENATOR LA FOLLETTE ON REPUBLICAN PLATFORM

Winston-Salem Sentinel.
Senator Robert M. La Follette of Wisconsin, a Republican and one of the best known men in his party, who was recently nominated for the high position he now holds, had quite a good deal to say some months ago about the national platform of his party, adopted in June of this year at the Chicago convention. In his magazine, soon after that convention, he commented to the effect that reactionaries made the platform and submitted some other remarks that are pertinent now, especially in view of the fact that certain G. O. P. spellbinders are trying to make it appear that the Republican party is really progressive, and are attempting to get the votes of citizens of progressive ideas on that ground. Senator La Follette certainly ought to know a progressive platform when he sees it, and here is what he says: "The platform adopted by the Republican convention at Chicago cannot fail to be a disappointment to the great majority of the party. "The reactionary element of the party were in control of the convention. "A struggle between the progressives and standpat Republicans over the reduction of the Dingley tariff forced into the platform of 1904 and 1908 a definite legislative limitation upon tariff rates. That limitation is economically sound. It can be scientifically ascertained and enforced. If adopted and honestly applied, the tariff would forever cease to be a po-

RESOLUTIONS OF RESPECT

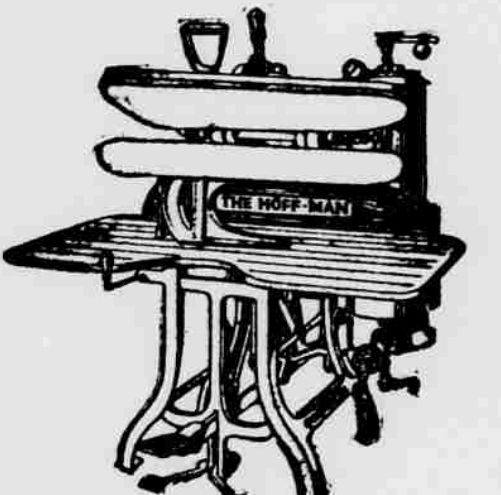

It is with deep sorrow that we, the members of Piedmont Council No. 43 Jr. O. U. A. M. record the passing away on Sept. 22nd of Mrs. J. M. Maynard, wife of one of our most esteemed brothers.

For many months she was a patient sufferer, but her sweet spirit, her beautiful Christian character, and her resignation to the will of God were an inspiration to all who visited her.

Therefore, be it Resolved,
First, That while we feel our brothers great loss, we bow in humble submission to the will of an all-wise Father.

Second, That we desire to extend our heartfelt sympathy to our brother, the children of the deceased, and all those near and dear to her.
Third, That these resolutions be spread upon the minutes of our Council, a copy sent to the bereaved family, and one to the city paper.
